

COSMY

THE BOT

BEAUTIFUL REVOLUTION!

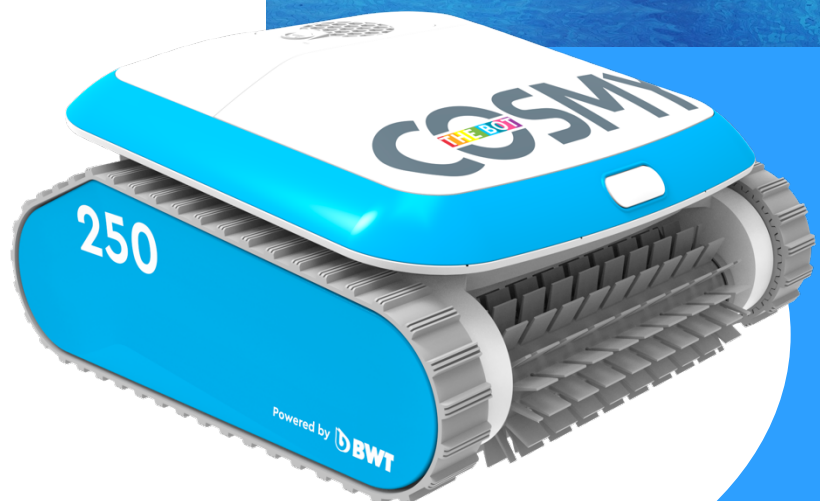

Easy, effective, efficient

A concentration of technology

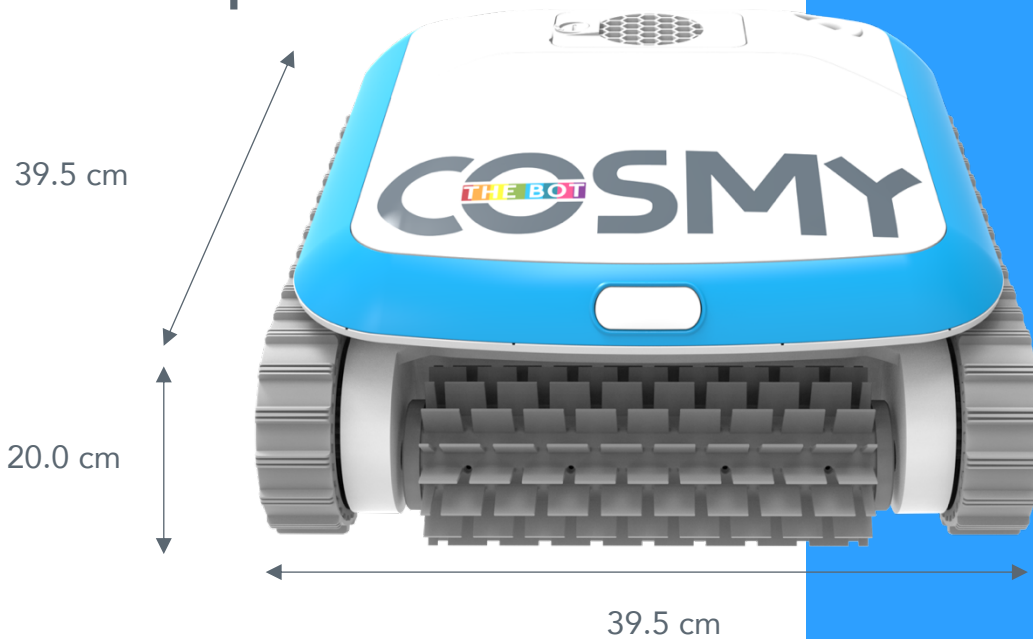

- ✓ Ultralight and compact (~6kg)
- ✓ Powerful suction and filtration (15m³/h)
- ✓ Two-stage planetary gear drive system for smooth and reliable mobility
- ✓ Smart navigation and Gyroscope – scans pool for thorough cleaning
- ✓ Control via Smartphone App
- ✓ Low power consumption (<150W)
- ✓ Ultramodern design for agility and speed, stable on any surface
- ✓ Compatible with any pool flooring

... And many more!

- ✓ Electronic swivel and obstacle detection
- ✓ Beach entry detection – stops operation when no water is detected
- ✓ Rapid drain system – allows for easier removal from pool
- ✓ Indicator light for when basket is full

Super compact!

Technical Details:

	COSMY 200	COSMY 250
Cable Length	16m, Floating	18m, Floating
Pool Size	12m	
Cleaning Areas	Floor, Wall, & Waterline	
Cycle Duration	1.5h, 2h, or 2.5h	
Brush Type	PVC Brush	
Suction Power	15m ³ /h > 37,500 litres at 2.5h runtime	
Filter Pore Size	100 micron	
Filter Type	Basket, double layer filtration	
Drive Technology	Planetary gear technology	
Motors	2 drive motors + 1 pump	
Navigation	Smart Navigation + Gyroscope	
Consumption	< 150W	
Power Supply	29V, Mars + APP	
Remote Control	via Smartphone App	
Weight	5.75 kg
