

P LINE

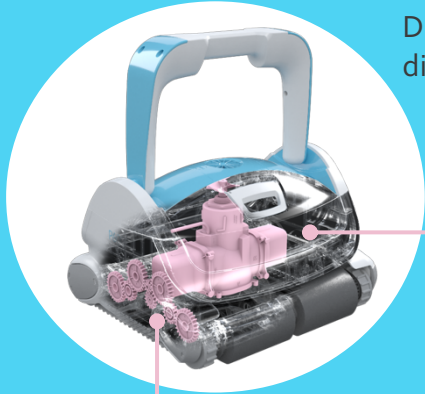

POWERFUL. EFFICIENT.
Ergonomic. Simple to use.

- ✓ High quality filtration – down to 2 micron
- ✓ Top access filters
- ✓ Easy maintenance and swift cleaning
- ✓ Smartphone connection
- ✓ Suitable for all pools

P600 Plus App

The most powerful suction in the market

Strong motor pumps for unparalleled suction

Dual drive motors to move in all directions

Adjustable nozzles – suction power increases when robot is closer to the surface. This way, coupled with the robot's pre-program to spend less time on walls and surface to prioritize the floor, the robot fully utilizes its cleaning cycle. Every minute is well spent!

4D filtration – robot catches the tiniest particles as small as 2 microns in diameter

PVA brushes to clean all pool types, shapes, and sizes

Top access filters for easy removal and prevents dirt from getting everywhere

Transparent lid for quick visual check on filter fullness (Robot also comes with a supply box that has a filter full indicator)

Other powerful features:

Robust and electronical swivel cable – no tangling, more durability

Sensors to detect obstacles and drains – no getting stuck!

Wall detection "Touch n Go" – saves time at each wall touch

Smart navigation and Gyroscope for no messy travels. Robot scans and memorizes the pool

Pre-programmed to prioritize floors – no fretting over tough spots

Capable of handling tight spaces

Control over Smartphone App

Excellence Inside

...And many more!

Technical Details

Much to be desired

	P600 Plus App
Cable Length	23m, Swivel
Pool Size	15-20m
Cleaning Areas	Floor, Wall, & Waterline
Cycle Duration	1.5h: Covers floor only 2h, or 2.5h: Covers all areas
Brush Type	4 PVA Brush Wheels + Rotating PVC Brush
Suction Power	19 m ³ /h > 47,500 litres at 2.5h runtime
Filter Pore Size	4D, Ultrafine Microfibre
Filter Type	2 Baskets, Top Loading
Drive Technology	Dual Drive, Breezer technology
Motors	Dual Drive + powerful pump
Navigation	Smart Navigation + Gyroscope
Consumption	< 150W
Power Supply	29V, SPS Full
Remote Control	via Smartphone App
Weight	11 kg
